University of Athens. I work at the RnD department of Ellinogermaniki Agogi school in Greece . My work is focused on the design, application and assessment of innovative pedagogical methods and materials both conventional and electronic. The main pursuit is the exploitation of state-of-the-art technologies in the education process so as to enhance teaching and learning. For my BSc thesis I have worked on the study and calibration of 13" photomultiplier tubes for the Km3NeT experiment, at the NESTOR institute for Astroparticle Physics in Pylos, Messinia Greece. For my MSc thesis I have worked on data analysis of dijet events produced at 8 TeV proton-proton collisions . The data were taken by the CMS experiment at CERN . I have a long experience as a tutor of high school and university physics in Greek private educational institutions.

Eratosthenes Experiment_HighSchool

Educational Scenario

★ -/5

You will enter the resource page which looks like this

The screenshot shows a web browser window with the URL `portal.opendiscoveryspace.eu/edu-object/eratosthenes-experimenthighschool-830633`. The page header features the 'inspiring SCIENCE education' logo and navigation links for 'About Us' and 'English'. A green navigation bar contains buttons for 'Resources', 'Digital Tools Repository', 'Communities', 'Schools', 'People', and 'Academies'. The main content area displays the resource title 'Eratosthenes Experiment_HighSchool' with a blue document icon. Below the title, it states 'Original hosted in "ISE", contributed by Emmanuel Chaniotakis on 19/05/2015'. A description follows: 'Students will measure the Earth's circumference based on Eratosthenes's experiment, which he carried out at 3rd century B.C.'. A row of action buttons includes 'View Resource', 'Edit', 'Bookmark', 'Pin Resource' (circled in blue), and 'Add Tag'. Below these are two links: 'Back to the list of the resources' and 'Back to the list of my resources'. On the right side, a sidebar provides metadata: 'Rating: -/5', 'Views: 1', 'Resource type: Educational Scenario', 'Languages: English', 'Target age group: 12-14, 14-16, 16-18', 'Copyright: No', 'Cost: Use is free of charge', and 'Status: final'. At the bottom right, there are social media icons for Facebook, Twitter, Google+, LinkedIn, Email, and a generic share icon.

This is the Pin Resource button. Press the button to be redirected to the following screen

The list of communities in which you are an **Administrator** will appear. Choose the one you want and select : ***“Pin Resource”***

The screenshot shows a web browser window with the URL `portal.opendiscoveryspace.eu/edu-object/eratosthenes-experimenthighschool-830633`. The user is logged in as Emmanuel Chaniotakis. A modal dialog box titled "Pin Resource to Communities" is open, allowing the user to select communities for the resource. The dialog box contains the following table:

<input type="checkbox"/>	TITLE
<input type="checkbox"/>	H ΕΛΛΗΝΙΚΗ ΚΟΙΝΟΤΗΤΑ ΤΟΥ INSPIRING SCIENCE EDUCATION
<input type="checkbox"/>	eratosthenes123
<input type="checkbox"/>	eratosthenes123

Below the table, a button labeled "Pin Resource" is highlighted with a red border. The background of the page shows a sidebar with navigation links and a main content area with a search bar and various filters.
